**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

2. This application is in condition for allowance except for the presence of claim 3 drawn to a non-elected species, non-elected without traverse.

Accordingly, claim 3 has been **canceled**.

Applicant's argument presented on page 5 of the amendment dated May 23, 2005 has been considered. However, the Examiner still disagrees that the printing blanket recited in claim 1 is generic to some of the other embodiments, such as the embodiment shown in Figure 3A, as applicant suggests. Further the Examiner disagrees that the embodiment shown in non-elected Figure 3A includes a carrier sleeve having at least one axially convex surface or being rigid to maintain a tubular shape for the printing blanket as recited in claim 1. Particular attention is invited to the previous comments with respect to claim 3 presented on pages 2-3 of the Office Action mailed April 18, 2005. Accordingly, claim 3 has been canceled as being drawn to a non-elected embodiment.
